PROFESSIONAL SUMMARY

Aspiring Software Developer currently pursuing professional training in Python Full Stack Development. Passionate about developing scalable applications, learning modern technologies, and solving real-world problems. Seeking an opportunity to contribute effectively while continuously enhancing my technical and professional skills.

EXPERIENCE

Codegnan IT Solutions, Python Full Stack Trainee - Current 06/2026

- Python Full Stack Development using Python, Django, HTML, CSS, JavaScript, and MySQL.
- Developed responsive web applications and implemented CRUD operations.
- Gained hands-on experience in database integration, REST APIs, Git/GitHub, and software development best practices.
- [2026]

EDUCATION

B.Tech(Computer Science & Engineering) 08/2022 – 05/2026 | Vadlamudi, India

Vignan's Foundation for Science, Technology & Research - 75%

SKILLS

Python | Data Structures | Algorithms | Generative AI | HTML5 | CSS3 | JavaScript (ES6+) |
React JS | Bootstrap 5 | Flask | Django | MySQL

PROJECTS

Adaptive Dynamic Graph Learning for Driver Drowsiness Detection Using Facial Video Analysis 12/2025 – 05/2026

- **Technologies:** Python, OpenCV, Dlib, PyTorch, CNN (ResNet-18), GCN.
- Developed an AI-based driver drowsiness detection system using facial video analysis.
- Extracted facial landmarks and features using OpenCV, Dlib, and ResNet-18.
- Applied Graph Convolutional Networks (GCN) to improve drowsiness classification accuracy.
- Classified driver states into Alert, Slightly Drowsy, and Extremely Drowsy.

NPTEL Course Registration System, MERN Stack Web Development Project 05/2025 – 11/2025

- **Technologies:** React.js, Node.js, Express.js, MongoDB, HTML, CSS, JavaScript, Bootstrap.
- Developed a full-stack web application for NPTEL course registration and management.
- Implemented secure user authentication and course enrollment features.
- Designed a responsive and user-friendly interface using React.js and Bootstrap.
- Built REST APIs and integrated MongoDB for efficient data storage and retrieval.

CERTIFICATES

IEEE ICCCMC 2026 - Paper Presentation  (Presented research paper on Driver Drowsiness Detection using Facial Video Analysis. Surya Engineering College | July 2026) |

Leadership and Team Effectiveness - NPTEL  (Successfully completed the NPTEL certification course(Issued in 2025))
